TIRED OF MONOPOLIES.

New York Farmers are Weary of Playing the Role of Pack-Horses to the Monopolies. It has been evident for a long time to those who have had opportunity for observation and who have had their opportunities intelligently, that the New York farmers were getting tired of being the retail pack-horses to the trusts and monopolies.

An order has recently been issued by the executive committee of the Farmers to the farmers in the neighborhood of Syracuse, which tells something very interesting, truth in a very plain way—and that, too, right under the shadow of such great men as Senator Illeweck and Congressman Holden. It is signed by three influential farmers—H. C. Edwards, C. E. Hart and Edward McKinley. One thing the order says very clearly, and this is, that the farmers are tired of seeing that party loyalty is played out. When loyalty to party means disloyalty to one's dearest interests, it is time for a man to stop and think which thing he proposes to cure.

"They are not antagonists any business or profession; we only ask that we have an equal right to protect ourselves by sending our friends to the legislature and to Congress so that when the voice of the money lender, the trust supporters and the syndicates meet them in the board room in opposition to the laborer, the worker and the tax-paying farmer may also be heard. Now, when the voting roll is called, and our agricultural interests are reached, the answering voice is but an echo, or is silent on that score.

We ask that the farmers have the privilege of exchanging the cereals he raises for articles he must buy in all the markets of the world who fair treatises of reciprocity can be made for the articles exchanged. Our home market is goal, and will always be ours for the products of our farms, whether high or low, will shall prevail—but if we have no home market, and grow enough to feed twice the number of our people, as we can, could hardly prevent having none and no outlet for our large surplus, we should then begin to understand what real poverty was.

We believe there is no better way to raise what money is necessary to carry on our Government than by a tariff on imports. What we farmers do object to is Congress creating a necessity for large amounts of money by increasing the salaries of office holders and creating places for others not needed, and otherwise expending annually one hundred million dollars annually in waste appropriations. To get rid of our surplus, or, in other words, they are trying to bring our expenses up to our large tariff income, when those efforts should be to bring our expenses down to a real need.

All of which is respectfully referred to the Home Market Club of Boston.

OHIO FARM LANDS.

Mr. J. A. Smith shows how they have fallen in value—Tremendous decreases have been taken in raising prices—The name Market Theory Explained.

Mr. J. Q. Smith, of Ohio, has done more to make Senator Sherman unhappy than any other man in the United States, unless it be Mr. M. D. Hart, who is now a candidate for Congress from the State which is the proud mother of McKinley and Foraker. And now Mr. Smith is "at it again." In the Evening Post of New York, of Oct. 25th, he proved by testimony from Mr. T. C. Teller that there has been quite a noticeable decline in the value of Ohio farms. And yet the farming lands have fallen in value, as shown by the official valuations, \$2,003,367 between 1880 and 1890. In the very township in which Middletown is situated land have depreciated to the extent of \$35,200; and in the township in which Hamilton is situated, they have depreciated to the extent of \$200,550.

So it is with every township in the county.

The city of Columbus, with a population close on to 180,000, in the county seat of Franklin County. This is one of the greatest corn-producing centers of the State. Columbus is an important manufacturing and railroad center, and it is a prosperous, substantial, rapidly growing and wealthy city. But here, too, farm lands are worth less than \$1,139,850 than they were ten years ago. It does seem that Mr. Smith has made out baseless and it is likely that he is speaking with great moderation when he says:

"It is to be regretted that there is no great competition in the Western country. I have no doubt it will be to some extent in Indiana; whether it will extend to Missouri or not I do not know."

As if to clinch the matter, Senator Teller has said:

"The farms of Illinois are worth to-day 40 per cent. less than they were worth fifteen years ago." Mr. Teller did not think that this was due to "any competition with the extreme West," or "any overproduction either of cattle or corn or wheat."

It was caused by the demonetization of silver. But the fact exists. And yet, as Mr. Smith says, protection has always been defended as being specially in the interest of the farmers. "It," he says, "any protectionist in the land

VALUATION OF LAND.

It will be found that, by the judgment of nearly all, the land in the state has been down, and the man who has

downed the flag was Senator John Sherman, of Ohio.

The truth is that grasshoppers, potato-hoppers, drought, rains, etc., etc., frost, blizzards and hay-fork swindlers, all combined are not as disastrous in their effects upon the farmer as is that system by which he has so long been humbugged, and which is called Protection.

TAXATION BY PROCLAMATION.

A Proposition That Progressives Should Consider.

The proposed amendment is the tariff bill authorizing the President to put on and take off duties at his pleasure in a most dangerous innovation. No such practice is known in any really civilized nation in the world to-day. Kings and Emperors used to have this power to levy taxes. But the English Kings lost that power, so far as England was concerned, when Charles I. lost his head, over two hundred years ago. And this right to impose and collect taxes without the consent of Parliament had been lost, and was not restored until 1851, when it was successfully resisted. But when President Harrison's ancestor voted for the execution of Charles I. he helped to vote this stretch of tyranny out of existence.

The whole thing is a fraud. The employer gets all the protection; the employee gets none of it. And it is paid by the people who travel on their railroads and the farmers who ship their products to market. An \$11 tax is better than a \$10, but it is just \$11 too much. Indeed, unless Mr. Carroll D. Wright is very much mistaken, it is the foreigner with his high labor cost who needs protection against us.

THE WHOLE THING IS A FRAUD.

Now the men for whom Congress thus legislate should be able to give some good reason why such favors should be shown them. What have they to say for themselves?

THE WHOLE THING IS A FRAUD.

The whole story of protection to steel-makers—by every one else, that is.

Under the existing law the tariff duty on steel rails is \$17 a ton. In the McKinley bill, as it passed the House, this was reduced to \$13.50 a ton, and that was reported to the Senate Finance Committee. It was still further reduced in the Senate Finance Committee, and the protection of \$17 a ton, which is put on for the "benefit of the working men," the gentlemen realize fully, as they do now partially, the blossoming of the American steel system.

For Congress
WILLIAM T. ELLIS,
of Daviess County.

The total population of the country
is put down at 63,212,000.

Let every Democrat who loves his
party be at the polls next Tuesday to
vote and work for Ellis.

The defeat of Ellis would be a
catastrophe to the Second District. A
third party member would be utterly
without influence in the ability to do
anything for his constituents.

Mr. Bourland has decided to take
the stump in the last days of the
campaign and has an appointment in
Daviess county for Saturday and at
Crofton, in this county, for next
Monday.

The KENTUCKIAN's work in the cam-
paign closes with this issue, which is
the last before the day of the election.

It has tried to do its duty as an advo-
cate of the rights of the people and
has at the same time tried to treat all
with justice and fairness. If some of
its friends happened to be in the di-
rection its guns were pointed, we only
regret that they did not heed the
good advice we have given them and
stay on the right and the safe side.

Outside of Christian county the sit-
uation is about as follows: Ellis will
carry Daviess by 500, Union by 1500
and McLean and Hopkins by small
majorities. Henderson and Whistler
are doubtful but claimed with confi-
dence by Bourland. This leaves
Christian to figure on, but you can
never tell what Christian is going to
do until after the election. With the
usual good and effective work next
Tuesday the county can be made to
give Ellis from 500 to 1000 majority.
Christian's vote may decide the election.

Mr. Bourland claims to have a let-
ter pledging the support of Esq. M.
D. Davis, of Beverly, a late Demo-
cratic candidate for county judge and
until recently a member of the Demo-
cratic County Committee. We have
been unable to see Esq. Davis, but
put no faith in the claim that so
staunch and consistent a Democrat as
he has been will desert his party to
support an independent candidate.
In the Democratic primary election
last January Esq. Davis received
more than 700 votes and he would
surely take no step now to make these
supporters regret their action.

Mr. Bourland is confronted with a
very serious charge in Hopkins county,
which if true, shows him to be a
violator of the prohibition law of that
county. The charge is that he voted
for the prohibition law and then him-
self violated it was published in the
Owensboro Messenger of Wednesday.
It was shown by the affidavit of Sam
Laagley, Deputy Clerk, that Mr. Bour-
land voted for the prohibition law and
then followed the following affidavit:

MARSHVILLE, Oct. 28.

I, Wm. Brabley, do certify that I
have bought from H. R. Bourland,
whiskey that was sold in violation of the
prohibition law of Hopkins county.

Wm. Brabley.

Subscribed and sworn to before me
by Wm. Brabley this, October 28,
1890.

H. B. Bradley.

Examiner for Hopkins County.
This is a very serious and damaging
charge and one that Mr. Bourland
ought to clear up, if he can.

The Owensboro Messenger says:
Sometime ago the McLean County
farmers and laborers' Union, in the
county meeting, adopted a resolution
calling on the two candidates for con-
gress to define their respective posi-
tions on the questions that are now
so prominently before the farmers in
all parts of the country. Mr. Charles
Noel, a prominent member of the
wheel, was delegated to write to each
of the candidates and put to them
the questions dictated by the county
Union. A list of questions were sub-
mitted to Mr. Bourland, but he treated
them with silent contempt, return-
ing no answer whatever. The same
questions were proposed to Hon. W.
T. Ellis, and he gave the Union
prompt and satisfactory answers.
This shows the difference between
the two men. Ellis has opinions that
he is not ashamed of and is running
on a platform that is in the interest
of the whole people. If Mr. Bour-
land has any political principles ex-
cept an desire for office he has not
made them known, although called
on so respectable a body as the
McLean County Union.

Mr. C. B. Jones, of Spring Hill,
Iowa, says: "I have used Camber-
lain's Pain Balm for severe and painful
harms with better effect than anything
else I have ever tried. It relieves the
pain instantaneously and eases without leaving
a scar." Pain Balm is one of the
most useful medicines that any family
can be provided with, especially
for rheumatism, lame, neuralgic, sprains,
bruises, tooth-ache, ear-ache and like
ailments. One application will relieve
the pain and a fair trial in a cure

A GREAT DAY.

Three Thousand People Listen to
Senator Carlisle's Speech

Many Ladies Attend the Meeting.

For the first time since his canvass
for Lieutenant Governor in 1871,
Senator Carlisle addressed a Hopkins-
ville audience Wednesday afternoon.

It was from the first unsuccess-
ful appointment a foregone conclu-
sion that the Court House would not
hold half the people who would be
here to hear him. On Tuesday morn-
ing it was decided to hold the meet-
ing in the mammoth Main Street
Warehouse and Forbes & Bro. put a
large force of hands to work and by
noon Wednesday had a platform
erected and comfortable seats for
1,800 people provided. It was well
that this change was made, for when
the crowd assembled every seat was
taken and fully 1,000 or 1,200 people
were standing up, while enthusiastic
Democrats were perched upon all the
beams of the structure within reach
of the speaker's voice. The crowd
numbered not less than 3,000 and
many estimated it as high as 3,500. It
was the largest political gathering
ever seen in this city. Among the
auditors were 200 or 300 ladies and
the pupils of South Kentucky College,
male and female, who were allowed to
attend by Prof. Kynckendall in order
that they might hear Senator Carlisle's
discussion on political economy.

Every part of Christian county was
represented and large delegations
were present from Hopkins, Trigg,
Todd and other neighboring counties.

Senator Carlisle, contrary to expec-
tations, did not arrive until 1:30 p.m.

The committee who went to meet
him found him sadly in want of rest
and sleep and suffering with a bad sore
throat. He remained at Henderson

Tuesday night and on the following

morning found himself much re-
freshed and while his throat still
troubled him, his address of an hour
and a half was delivered with his usual
force and vigor of enunciation.

Senator Carlisle's entrance to the
hall at 2 o'clock was the signal
for a storm of applause, such as
rarely ever greeted any man in Hopkinsville. He was briefly
presented to the audience by one of the gentlemen who acted as escort from Henderson. His speech I
gave you a pleasing reference to his for-
mer visit here, followed by an apology
for having waited so long to make a
return visit. He then launched into
the issues of the day, taking up the vital
questions between the two parties,
presenting them without any attempt
at oratory, but logically, forcibly and
plainly. He discussed the McKinley
tariff law, showing conclusively that
it was legalized robbery of the people
by manufacturers, through the influence
of whose millions it was introduced
and passed.

He denounced the Force bill as the
crowning iniquity which the Repub-
lican party has sought to perpetrate
against the civil liberty of the people.

A portion of his speech was devoted to
the Farmers' Alliance movement.

His argument in this connection show-
ing the fallacy of the Sub-Treasury

plan and the proposition to have the
government buy and operate the rail-
roads and telegraphs was unanswer-
able and he conclusively showed that
these measures are not in the interest
of the farmer.

He complimented Mr. Ellis as a
most excellent Congressman and one
who might be relied on to vote with
the Democrats at all times. In this
connection he cited the case of Mr.
Featherstone, the Allianceman Congress-
man from Arkansas, who voted with
the Republicans on the Force bill.

CITY COURT NEWS.

George Green, col., for raising a disturbance at the swing, was arrested and locked up, charged with disorderly conduct. The case was called Wednesday, and continued until today.

Jas. D. Brown, plain drunk, fined \$7.50 paid.

Another case of drunkenness and disorderly conduct was passed upon yesterday morning. The defendant pleading guilty. The usual fine was assessed, and the amount promptly paid.

Life is Misery.

To thousands of people who have the taint of seroful in their blood. The agonies caused by the dreadful running sores and other manifestations of this disease are beyond description. There is no other remedy except to Hood's Sarsaparilla for seroful, salt rheum, and every form of blood disease. It is reasonably sure to benefit all who give it a trial. Be sure to get Hood's.

Notice to City Tax Payers.

Your taxes have been due since June 1st, 1890. The city is needing money badly in order to meet its current expenses. Please call on me at once at my office in the McDaniel block and settle them.

CREAM OF NEWS.

DEATHS.

Vital Liver Pills are unequalled. Mrs. Richard Vaughan, of Fairview, is very ill.

H. B. Clark is very sick with fever at his home near Gracey.

H. M. Woodbridge, livery, feed & sale stable, Fritz' stand. Telephone 141.

The Noss Family will be at the Opera House Friday November 7th, 1890.

But Sheppard's Minstrels gave a very satisfactory performance at the Opera House last night.

A marriage license was issued to Richard Downey and Josie Hughes Wednesday. Both colored.

There has as yet been no frost heavy enough to do more than nip the top leaves of tender vegetation.

Beggars are again infesting the city, claiming sick children, blindness, lameness and other old gags.

All the merchants in the city who advertised their goods properly had an excellent trade Wednesday.

The Noss Family are creating a furor with the Mandolins in their comic skit "A Quick Match."

Capt. Ellis filled his appointment at No. 5 yesterday, going across the country from White Plains.

Downey & Jernigan, Pembroke, still have two wheat drills and four Tennessee wagons for sale at cost.

"The Merry Gypsies," introduced in the farcical comedy, "A Quick Match," by the Misses May and Bertha Ness has made a decided hit.

Tom and Jack Blair, both colored, becoming drunk and disorderly on the streets yesterday, were taken before the court and fined.

Quarterly Court adjourned to day, after disposing of nearly one hundred cases. There were 116 cases on the docket—30 continued and 86 new ones.

Wednesday was another great day for Hopkinsville and the merchants did a good business. In spite of the very large crowd, the best of order prevailed.

Notwithstanding there was over three thousand visitors to the city Wednesday, only one arrest was made. The best of order was kept throughout the day.

Nov. 1 being the initial lecture of the series, the prices have been fixed at the most moderate rates. Tickets for sale at Galloway's confectionery and at Hepper's book store. General admission 50c, school children 25c.

W. L. Bumberger has purchased the blue trotter, Annie R., of George Bowles, of Lexington, and she will arrive in the city in a few days. Annie R., formerly belonged to Mess. Wethers & Steele, and has scooped a number of premiums this season.

In our report of the premium taken on wine at the fair we stated that Mrs. Bronough took the premium on best wine and best display of wines. She only took the premium on the best display, Mr. W. H. Hill, of Montgomery, taking it on the best grape wine.

Among the gentlemen who occupied seats on the platform Wednesday were Messrs. Hunter Wood, T. M. Barker, M. D. Brown and Chas. M. Menchen, of the County Committee.

Judge Jno. W. McPherson, Capt. W. T. Ellis, Capt. Sam M. Gaines, Mr. E. M. Flack and a number of others.

The big Main Street Warehouse makes a splendid place for large gatherings. It was not difficult to hear the speaker at a distance of a hundred feet from the stand, which was erected near the centre of the building. Mr. W. E. Ragsdale has the thanks of the committee for the use of his warehouse.

The Young Ladies' Society of the Ninth Street Presbyterian Church will have a Chrysanthemum show on Thursday and Friday, Nov. 6th and 8th. A beautiful premium will be awarded for the best display of flowers. Oysters will also be served on the occasion. It is to be hoped that the many fine varieties of this flower will be displayed, thereby making the affair a success.

The Kellogg concert at the Opera House Tuesday night was rendered to one of the largest and most cultivated audiences that ever assembled in the house. Owing to the lateness of the accommodation train, Miss Kellogg did not appear upon the stage until nearly ten o'clock, the curtain rising at 9:30. Miss Kellogg sang several pieces, and executed her selections with marked ability, receiving a hearty encore after each rendition. Her support was good. The selections rendered by Mr. Henry Diekman and Mr. W. H. Lee received a recall, Diekman, the tenor, in "Then You'll Remember Me" seeming to create special delight. Miss Carrie Moore was also encored on two of her songs. The concert closed with the fourth act of "Il Trovatore" in full costume, the prison scene being well rendered. Upon the whole the concert was well up to the expectations of a majority of the audience.

Notice.

Hopkinsville Lodge No. 37, A. F. and A. M. will meet next Monday night for work in the 3rd degree. The work will be done by Past Grand Master Clerk. All Master Masons in good standing are fraternally invited to be present.

A Serious Cutting Affray.

Joe Ward, a young man living in the Bellevue neighborhood, was severely stabbed in the back by Jim Proffit, of Sinking Fork, about 6 o'clock Wednesday evening. The stabbing occurred at a point on the Cadiz Pike where it and the Princeton road intersect about one and a half miles from the city. Both parties had been drinking pretty freely, and later had some trouble. Proffit started home on foot about sunset, intending to catch a wagon which had left him. Ward, a little later, started for his home in a buggy. Overtaking Proffit near the toll gate he invited him to ride with him. The invitation was accepted and they drove off together. Nothing further is known of what passed between them before the cutting, as neither party was sober enough to remember what had happened. Ward says he does not know, unless it was a dispute over the ownership of a bottle of whisky. The stab is just below the right shoulder blade, extending three inches around, and is two inches deep, having entered the lung, and while not necessarily fatal, is of a very serious nature. Ward was taken to Mr. P. C. Carter's, near Dr. Fugua was called and dressed the ugly wound. Proffit was arrested at his home a few hours later and lodged in jail. An examining trial will be held Monday if Ward is able to attend. Messrs. Payne and Brethitt have been retained as counsel by the defense.

A Fire Wednesday Night.

Mr. J. C. Wooldridge's stable, a large shedd building on the Virginia street side of his residence lot, was burned about 7 o'clock Wednesday night. It is not known how it caught on fire. It was in flames when discovered and burned down in a very short time, destroying all the contents.

The fences adjoining were also burned or torn down. The stable on the lot of Mr. Barrow, adjoining also caught on fire and the roof was burned nearly before a bucket brigade got to work and put out the flames.

The fence adjoining were also burned or torn down. The stable on the lot of Mr. Barrow, adjoining also caught on fire and the roof was burned nearly before a bucket brigade got to work and put out the flames.

Mr. Combs, whose house was saved, deserves us to express his thanks to those who helped him in his time of need. He was not at home himself, but Capt. A. V. Townes and others of his friends took charge of the work and kept his house from burning.

Eradine Lander, an old colored woman living in a cabin on the farm of Mr. T. D. Roberts, near Bellevue, was burned to death early Wednesday morning. She was kindling the fire when her dress caught and before assistance arrived she was burned to a crisp. "Aunt Eradine," as she was called, was 70 years old, and had been a cripple for many years. She was servant of the late S. S. Lander, and was a great favorite with the Lander family all of whom will learn with regret of her horrible death.

Mr. Combs, whose house was saved, deserves us to express his thanks to those who helped him in his time of need. He was not at home himself, but Capt. A. V. Townes and others of his friends took charge of the work and kept his house from burning.

Mr. Hart having returned from the East with a very large and well selected line of Millinery goods, invites one and all the ladies to call and examine her excellent line of these goods. A fine assortment of pattern hats for ladies, Misses and children, and prices to suit everybody. Remember the dates, and all come and see whether you wish to purchase or not.

Chautauqua Lectures.

The circles of this city have arranged for an admirable series of literary entertainments for this season, beginning with a lecture by Rev. Wilbur L. Davidson, which will be given at the Opera House in this city on the evening of November the 4th. The subject of his lecture is "From the Italian Lakes to Vesuvius," and in addition to his vivid word painting of this beautiful and classic region, he will illustrate his subject with a number of Stereopticon views superbly gotten up and a view of bringing out the minutest details of each scene embraced within the scope of his lecture.

The subject is picturesque and added to these splendid stereopticon illustrations, the lecturer's vivid descriptive powers will prepare us to expect an extraordinary literary treat.

Miss Eunice Fugua will teach an

Art class at the Belknap Female College, instructing in Painting, Oil Drawing and Pencil Crayon. Session commencing Aug. 25, 1890.
